Thornwell
Building Tomorrow's Families Today

Noelina, Family Specialist at Forest Hills PC

Stephanie, Family Specialist at Hyde Park PC

Testimonials from Building Families Clients in Tampa Bay:

“We didn't have family dynamics so we sought Building Families out to set a foundation the right way.” -E Family

“We did not realize we were focused on all the wrong things leaving us frustrated all the time. It was not until we started the program that we realized that parenting was more about recognizing our children's strengths and putting it to the family's advantage than being overly controlling.” -K Family

“Our family was uncontrollable, crazy, unpredictable, and chaotic until Building Families came along. It only took a few weeks to see a positive difference.” - M Family

“There is now a feeling of shared mission and goals within the family. Tools acquired (from Building Families) helped us to wrap our heads around what seemed to have been problems in the past so instead of banging our heads, we are moving forward.” - W Family

We hope you will join us!

**Would you like to host a Thornwell tour with a mission project?
Contact Jean to schedule one for your church group!**

Our mission: Thornwell is a 501(c)(3) non profit charitable organization that offers hope and wholeness to children and families.
